

## Photo of the Day: Torque

June 13, 2017 12:00 am | by Jack Landau

Today's Photo of the Day features a relatively new piece of pedestrian infrastructure in Toronto's South Core area, submitted to our Flickr Pool by [A Great Capture](#). This shot shows the interior of the [Jennifer Marman and Daniel Borins](#) and [FIRM a.d.](#)-designed "Torque" pedestrian bridge, spanning Lower Simcoe Street and connecting the Southcore Financial Centre and Delta Hotel with the surrounding PATH network.
